**NO PARKING ON THE SOLID YELLOW LINES.**

The council have been contacted and will be sending out Rangers.

#### *from the Principal's Desk*

Friday, October 26<sup>th</sup> was World Teacher's Day, a day every family around the world should celebrate. The impact teachers have had upon the many students they have taught across their career really is unbelievable. So many students come to school needing care and empathy and I see teachers providing this every day, making their lives a lot easier to manage. Some countries show high regard for the teaching profession while others like to blame teachers for the ills of society. I have rarely seen a teacher who doesn't go beyond what is required to assist a student in need. Congratulations to all our great teachers and enjoy the recognition. Your commitment and energy to your profession is inspiring!

Next Friday is one of our major fundraising events- Mini Fete. Classes and groups of students are preparing their stalls. Mini Fete runs from 1:00pm to 3:00pm and students run a variety of stalls, a bouncy castle will be in the gym and sausages can be ordered for the day. Detailed information will be sent home early next week. Let's hope the weather is fine and we have lots of support.

Also at 10:50 next Friday, 9<sup>th</sup> November the school will hold a Remembrance Day Ceremony to acknowledge this important day. The Ceremony will be conducted by our student leaders and will run for approximately 10 minutes.

Classes are currently being drawn up and should be finalised over the next few weeks. Students provide feedback with regard to friends and other students whom they work well with. Our goal is to ensure all classes are equitable and that students have at least one friend in the class, this means that all classes have leaders and students who require extra support. There will be time on the last day when 2019 classes get together and it is then that students will receive a note to bring home informing you of their class for 2019. Students need to learn how to develop friendships as they move through school and making the most of their new class is a good way to assist this development.

An invitation is extended to the school community to attend our next Governing Council meeting when the 2019 Materials & Services charge of \$ 310.00 will be presented for approval. In lieu of attendance at the meeting, parents/ students can express their views in writing to the Chairperson of the Governing Council..

## GOVERNING COUNCIL NEWS - MINI FETE – VOLUNTEERS NEEDED

It's that time again and **Mini Fete** is fast approaching and will be held on Friday 9<sup>th</sup> November. This is a great opportunity for everyone from within and around our school community to come together to enjoy an afternoon full of fun and activities.

Governing Council will be holding a Sausage Sizzle. Forms have been sent home with each student and could you please ensure these are returned promptly so we can accurately order goods. Extra sausages for adults will be available on the day once all students' lunches have been served.

We are also looking for volunteers to help throughout the day with our BBQ and drinks stall. If you are able to help out in any way with the setup or with serving on our stall's, could you please leave your contact details with Sara in the Front Office and we will contact you in regards to making a roster. This is a great opportunity to come together and meet new people.

### Governing Council

**Name:** Magdalena Deacon

**Time at Braeview:** 3 years

**Working:** Worked in Junior Special Class for 1 year and Year 4/5 class for 2 years

**Favourite Food:** Chicken Roast – I would have this everyday if I could!

**Pets:** 1 dog – A girl named Bailey

**Ideal holiday destination:** Maldives or France

**Favourite AFL team:** Port Power of course

**Weekends:** Spending time with my family, taking my dog for walks and going camping.

# Science in LA4 : Around the Classrooms

Students in Ms Gillies and Mrs Butlers' classes have been learning about electrical circuits in Science. Students were asked to create a building and then plan and create circuits. Models were original, creative and effective.
